

*Office of the Prime Minister
Kingdom of Lesotho*

12th February 2021

Office of the Prime Minister has realised with dismay an online Newspaper article that claims that one Lesotho politician, Moeketsi Majoro, is engaged in a new secret investment that turns many Basotho into millionaires.

This online article, which can be accessed through the following link:

(http://tv1channel.info/bitcoin/lesotho/majoro/?_subid=2h4vd02ls2h8kfi&_token=uuid_2h4vd02ls2h8kfi_2h4vd02ls2h8kfi60226d5ecfc4b4.84242494) goes on to claim that Moeketsi Majoro recently appeared on 'Punchline,' urging people to hurry in joining this new 'wealth loophole' opportunity before big banks can close it for good.

This article and the claims therein are baseless. The Prime Minister has an important task of delivering services to Basotho and cannot and will never engage in fraudulent activities. The Prime Minister appeals now, and as he has done many times before to Basotho to be aware of fraudsters who may approach them under the guise of Bitcoin Era or any other enrichment scheme.
